

LOCAL INTELLIGENCE.

THANKSGIVING DAY.—The day was generally observed by people here, although but few business houses closed their doors. Elegant dinners were spread at the various restaurants, and all day long the streets were crowded with people who were observing the day as recommended by the President and the Governor. Religious services were held at the Episcopal Church, Rev. Henry L. Badger officiating. There was general good feeling during the day, and the absence of any turbulence was noticed and commented upon. We are glad to call attention to this interesting fact, as indicating that the people of Pioche can enjoy a holiday and at the same time keep the peace.

WAITING FOR A DECISION.—Everybody in Pioche is waiting anxiously for a decision in the case of the Raymond & Ely vs. the Kentucky Mining Company. The testimony was taken and the arguments made in our District Court before Judge Beatty, of Hamilton. The matter was taken under advisement. We have no means of knowing when the decision will be rendered or what will be its purpose. Everybody is anxious, however, to know the final result.

SIDEWALK.—Some public-spirited citizens have had a sidewalk constructed from near the office of Peasley & Rives, on Locust street, to the Court-house. It is not on one side of the street, but it is a gravel walk extending across the street in two places. This is a great convenience to pedestrians, who can find a good walk from the center of the town to the Court-house. We only wish there was an extension put on as to bring this sidewalk to the West End.

THE PROCEEDINGS.—It has been ascertained that the net proceeds of the benefit for the Gorman family will amount to about \$400, which is a good showing for the liberality of our people, considering that times are not very brisk. Much credit is due to all who aided to further objects of the benefit, either by selling tickets or otherwise. Miss Emma Holland alone sold nearly 200 tickets.

RUNAWAY.—A little breeze of excitement was caused on Locust and Main streets about 3 o'clock Thursday afternoon. A pair of horses came dashing up Locust, and down Main street they went at a furious rate. As there were so many in the streets at the time, it is fortunate that no one was run over and injured.

TAXPAYERS, ATTENTION.—It will be seen by reference to a notice in another column that the delinquent tax list for the fiscal year ending on the 31st of December, has been deposited with the District Attorney, and unless the delinquent taxes are paid to the County Treasurer within twenty days from the date of the notice, action will be commenced and costs added.

THE MARKETS ON THANKSGIVING DAY presented splendid displays of choice meats. To look upon the surrounding country we would hardly expect to see as good beef, veal and mutton as ever tempted an epicure's appetite, but such was the case in the various markets.

GOODS ARRIVING.—Several teams arrived on Thursday laden with merchandise. One of the teams contained between 18,000 and 19,000 pounds of general merchandise for D. C. Clark & Co. This team left Toledo on the 31st.

KENO GAME.—E. J. Curtis will open to-morrow evening a keno game in the saloon of P. J. H. Smith, on Locust street. Keno is a popular game here just now. If you feel like trying your luck stop in at the new keno rooms.

THE DECEMBER TERM OF THE DISTRICT COURT commences on Monday. There will be about 80 cases on the civil calendar. Of criminal cases there are several new ones and some which are still hanging fire.

A REMOR.—Yesterday afternoon it was rumored on the streets that the Raymond & Ely-Kentucky suit had been decided by Judge Beatty in favor of the latter. We were not able to obtain any confirmation of the report.

LOST.—On Thursday night, on Main street, a handkerchief. The owner can obtain the same by applying at this advertisement.

THANKS.—We are indebted to Charley Wiederhold for copies of various pictures and periodicals. He has a full assortment. Get a supply for your Sunday reading.

GOING AGAIN.—On Thursday afternoon John D. Boyd, John Pattie and E. S. Smith, three of the prospecting party which left here in September, started for their mines, over in Utah.

CALIFORNIA FRUIT.—Coschina & Gustin have just received a splendid lot of fruit from California—apples, pears, etc. All are of the most luscious quality. C. & G. are constantly receiving supplies.

THURSDAY was a very pleasant day until about 3 o'clock. Thin clouds obscured the sun after that hour, and the air became so cool that a fire was quite agreeable.

THE BALL.—We learn from gentlemen who attended the ball of the Odd Fellows on Thursday night, that the participants had a passably good time.

THERE has been paid into the county treasury, up to the present time, on account of taxes on real and personal property, the sum of \$53,923.40.

COSMINO.—Mrs. B. H. Hereford, Sam. Bell, Mrs. Sabine and P. J. Murphy will arrive here to-night, says a telegram, via Hamilton.

YESTERDAY was a chilly, raw day, causing us all to look out for a storm.

DESPERATE, BUT UNSUCCESSFUL.—Of a novel way of tackling "the tiger," the Virginia Chronicle, of Saturday last, gives this account:

About twenty minutes to 7 o'clock last evening a young man from the Division, answering to the name of Moriarty, made a desperate attempt to capture a lion in the rear of the Eclipse saloon, southwest corner of Union and C streets. There were two games running in the room and a large crowd was present when Moriarty, who had been looking on for some time but not playing, suddenly sprang upon the table, placing one foot in the check-day and the other in the money-drawer, where were some \$300 or \$400, mostly in \$20 pieces. The checks and money were in all directions, the money drawer being broken loose from the table. Moriarty appeared to be sober and did not utter a word, but fought like a tiger when seized by special officer Charley Kern, who was present at the time. The struggle

was kept up until the prisoner reached the station-house, where he was quieted down, but while officer Kern was writing down the charge upon him, a tiger and a lion, both of them terrible blows on the head. Assistance being at hand the desperate fellow was soon overpowered and locked up. Moriarty is not over 24 years of age, is usually quiet and well behaved, is a laboring man, and has been a man-of-warman. It is reported recently that he has had some trouble about or with his sister, and that he attempted to take her life a short time since. After being secured in the city prison last night he applied the most opprobrious epithets both to himself and his sister, though he offered explanation of the trouble between himself and her, for of his attempt to capture the lion. Two charges were entered against him, one for disturbing the peace and the other for assaulting an officer. It is probably another case of the "emotional."

THERE are, according to the New York Advertiser's Magazine, but eleven daily newspapers in the United States which have a bona fide circulation of thirty thousand copies and upward. Their names are as follows:

Boston Journal.....40,000
Herald.....100,000
New York Sun.....120,000
New York Times.....107,000
Herald.....80,000
Times.....45,000
Tribune.....30,000
Philadelphia Public Ledger.....85,000
Public Record.....85,000
Baltimore Sun.....35,000
San Francisco Chronicle.....30,000

The St. Louis Republic, a great and long-established journal, has a circulation of 18,000 copies. The Chicago Tribune, one of the most enterprising newspapers published in the United States, has a circulation of 28,500. The Courier-Journal of Louisville, 12,500, and the New Orleans Piousness, 10,800.
